

Full Stack Developer

Summary

Full Stack Developer with hands-on experience in building scalable web applications using React.js, Node.js, and .NET. Strong backend expertise in REST API development, database design (MySQL, MongoDB), and integration of third-party services (Stripe, Twilio). Passionate about writing clean, reusable code and delivering user-focused solutions.

Work Experience

Software Developer Intern | Hexadroit | Ahmedabad, IN

Feb 2025 – Aug 2025

- **Developed** Tailor Management System using React.js and .NET during training phase.
- **Applied** Object-Oriented Programming (OOP) concepts across backend and frontend development for better code reusability.
- **Integrated Stripe** for handling plan subscriptions and payments with webhook-based plan activation logic.
- **Twilio WhatsApp API** for order notification flows, including approval/rejection alerts.
- **Used JWT** authentication with role-based access and secure custom hooks for secure routing in project.

Projects

Job Portal Project

- **Developed HireSpot** – a full-stack job portal platform with real-time job postings and dynamic features
- **Implemented an authentication** system to ensure secure access to job listings and user profiles
- **Designed** interactive features for recruiters and candidates, enabling seamless communication and engagement
- **Collaborated** with a team of developers to successfully build and launch HireSpot within a tight deadline

StationaryKart – E-commerce Platform for Stationary Products (MERN Stack)

- **Developed** a full-stack e-commerce web application using **React.js, Node.js, Express, and MongoDB**, tailored for stationary products like pens, notebooks, and school supplies.
- Implemented **user authentication and role-based access** (admin/user) using **JWT**, allowing secure login, product management, and order history tracking.
- **Built** a responsive UI using **Tailwind CSS** with filtering, searching, and cart functionality for a seamless user experience on all devices.

Skills: JavaScript, React.js, Node.js, Express.js, C, C#, ASP.NET, MySQL, HTML5, CSS3, Git, GitHub

Education

I M.SC.(IT)in Computer Engineering | Silver Oak University | CGPA: 7.58 | Jun 2021 - Apr 2026
